

WILD YOUNG AND BEAUTIFUL

Words & Music: Robert Shumy

Wild, young and beautiful,
you're walkin' down the street and I forget the rules,
I'm lookin' in your eyes, my heart stands still,
say: "You will!", say: "You will!", say: "You will!".

Blond, tall, bright and shiny eyes,
now or never, there is no compromise,
I was lonesome all the time, my heart is still,
say: "You will!", say: "You will!", say: "You will!".

Loneliness was killin' me,
sorrow was all that I could see,
but now the darkness became a light,
all I had to do was: hold you tight.

Wild, young and beautiful,
you're walkin' down the street and I forget the rules,
I'm lookin' in your eyes, my heart stands still,
say: "You will!", say: "You will!", say: "You will!".
