

# MY ONLY ONE

Words & Music: Robert Shumy

I can give you love if you want,  
Yes, I can give you love if you need,  
I can give you anything,  
Anything you want, to make your life complete.  
I can give you a thousand ways of livin',  
And I will show you a thousand ways of givin',  
I can give you anything you want,  
Cause I love you.

I can fill your dreams in a lonely night,  
And I can give you stars, a' shining bright,  
I can give you anything,  
Anything you want to, if you hold me tight.  
And I will show you a thousand ways of kissin',  
But never give you any cause for missin'.  
I can give you anything you want,  
Cause I love you.

Be my baby, my heart, my only one.  
And don't say maybe, and leave me all alone.  
Be my baby, my life my inspiration,  
My sensation, my love, my only one.

So come on be my baby,  
So come on be my baby,  
So come on be my baby,  
My only one.
