

WALKIN' THROUGH WITH YOU

Words & Music: Robert Shumy
Dauer: 3:35

Verse

Life is like a room with many doors,
and it's up to you, you walkin' through.
So many different kinds of places, so many different kinds of truths,
but what I want is walkin' through with you.

Verse

This house got many rooms and a lot of courses,
many doorsteps, just try to use them all.
Give our life a chance, and love me true,
what I want, is walkin' through with you.

Chorus

What I want, is walkin' through with you,
tell me 'bout the things I've got to do,
hand in hand, side by side, me and you,
cause all I want, is walkin' through with you.

Verse

In every room there is a button,
push the button and turn on the light,
decide on every little door you want,
but in the final room you know what's wrong or right.

Chorus

What I want, is walkin' through with you,
tell me 'bout the things I've got to do,
hand in hand, side by side, me and you,
cause all I want, is walkin' through with you.
All I want, is walkin' through with you.
tell me 'bout the things I've got to do,
hand in hand, side by side, me and you,
cause all I want, is walkin' through with you,
cause all I want, is walkin' through,
cause all I want, is walkin' through,
cause all I want, is walkin' through with you.
